OUR PARTNERS & PRODUCERS

BECKABECK

At BeckaBeck, we use only the best organic ingredients for our dough. The organic cereals, especially old, original grains from the Swabian Alb, are grown by selected farmers. The ingredients come almost exclusively from partners from the region. Short distances, direct personal contact and trust characterize these long-standing partnerships. In addition to the ingredients, there is another equally important ingredient for the best bread... Time. Time we give our doughs to rest and mature. In this way, the aromas can fully unfold, the bread is demonstrably more digestible.

DER KELTENHOF

For more than 20 years, we have been cultivating original salad and herbal specialties on the fertile Filder ground. We remembered forgotten species, recognized herbaceous herbs as delicacies and circulated flowers. With delicate baby leaves and micro leaves, we sparked a culinary revolution in Germany. Our campaign for good taste continues every day.

DEUTSCHESEE

In order to make connoisseurs happy, we at “Deutschesees” rely on unique quality and absolute freshness. This starts with our shopper, which travels all over the world to find partners who care as much about sustainability as we do. Our quality management ensures fresh and high-quality products – from breeder to the customer.

MAÎTRE AFFINEUR WALTMANN

Volker Waltmann's love of cheese was laid in the cradle. His father Gerhard Waltmann ran a small but fine cheese trade in Erlangen for many years. He was the first German “fromager”. Anyone who thinks that cheese is just cheese is wrong. Especially when it is about raw milk cheese. goat, sheep and cow's milk cheese washed in cider, soaked in calvados, turned into champagne, brushed or aged on straw - the high art of 'affinity' is a very special one.

METZGEREI GLASSTETTER

"Taste with tradition" - a motto, not only for renowned chefs of our region, but certainly also for us. The preparation of the dishes does not have to be complicated, mainly, it is crucial that the ingredients are of the best quality. It is therefore an important matter for us to provide only the best quality for our customers.

ORIGINAL BEANS

At Original Beans, we're on the mission to align taste and conservation of nature. Because we believe that using the world's rarest cocoa is an effective way to change today's culture of chocolate consumption, food and luxury.

Since 2008, our Bean team has been roaming the world's most remote rainforests in search of the rarest cocoa varieties – the "Original Beans". Each of our beans tells its own story. In order to preserve these rare cocoa beans and their original forests, we let a tree grow for every bar of chocolate sold. We invite you to let them all melt on your tongue and to explore the world’s most “Original Beans”

#Taste the rare and preserve it.
